HOW AN AEROPLANE LIFTS.

It is a common mistake to think that the lift of an aeroplane is due to the fact that the air is "sucked" up by the wing. This is not the case. The lift is due to the fact that the air is deflected downwards by the wing, and in doing so it exerts an equal and opposite reaction on the wing, lifting it.

The lift of an aeroplane is due to the fact that the air is deflected downwards by the wing, and in doing so it exerts an equal and opposite reaction on the wing, lifting it.

The Royal Aero Club of the United Kingdom

THE ROYAL AERO CLUB OF THE UNITED KINGDOM, INCORPORATED BY ROYAL CHARTER

General Meeting

The General Meeting of the Club was held on the 15th inst. at the Royal Albert Hall, London, W. The meeting was presided over by the President, Mr. J. H. D. Salway, and was attended by a large number of members and guests. The business of the meeting was conducted by the Secretary, Mr. J. H. D. Salway, and the Treasurer, Mr. J. H. D. Salway.

The first item of business was the reading of the minutes of the last General Meeting, which were approved. The second item was the report of the Treasurer, Mr. J. H. D. Salway, who reported that the Club's financial position was satisfactory. The third item was the report of the Secretary, Mr. J. H. D. Salway, who reported that the Club's activities had been successful.

The fourth item was the election of new members to the Club. The fifth item was the election of new officers to the Club. The sixth item was the election of new members to the Club. The seventh item was the election of new officers to the Club. The eighth item was the election of new members to the Club.

The ninth item was the election of new officers to the Club. The tenth item was the election of new members to the Club. The eleventh item was the election of new officers to the Club. The twelfth item was the election of new members to the Club. The thirteenth item was the election of new officers to the Club.

The fourteenth item was the election of new members to the Club. The fifteenth item was the election of new officers to the Club. The sixteenth item was the election of new members to the Club. The seventeenth item was the election of new officers to the Club. The eighteenth item was the election of new members to the Club.

The nineteenth item was the election of new officers to the Club. The twentieth item was the election of new members to the Club. The twenty-first item was the election of new officers to the Club. The twenty-second item was the election of new members to the Club. The twenty-third item was the election of new officers to the Club.

The twenty-fourth item was the election of new members to the Club. The twenty-fifth item was the election of new officers to the Club. The twenty-sixth item was the election of new members to the Club. The twenty-seventh item was the election of new officers to the Club. The twenty-eighth item was the election of new members to the Club.

The twenty-ninth item was the election of new officers to the Club. The thirtieth item was the election of new members to the Club. The thirty-first item was the election of new officers to the Club. The thirty-second item was the election of new members to the Club. The thirty-third item was the election of new officers to the Club.

The thirty-fourth item was the election of new members to the Club. The thirty-fifth item was the election of new officers to the Club. The thirty-sixth item was the election of new members to the Club. The thirty-seventh item was the election of new officers to the Club. The thirty-eighth item was the election of new members to the Club.

The thirty-ninth item was the election of new officers to the Club. The fortieth item was the election of new members to the Club. The forty-first item was the election of new officers to the Club. The forty-second item was the election of new members to the Club. The forty-third item was the election of new officers to the Club.

The forty-fourth item was the election of new members to the Club. The forty-fifth item was the election of new officers to the Club. The forty-sixth item was the election of new members to the Club. The forty-seventh item was the election of new officers to the Club. The forty-eighth item was the election of new members to the Club.

The forty-ninth item was the election of new officers to the Club. The fiftieth item was the election of new members to the Club. The fifty-first item was the election of new officers to the Club. The fifty-second item was the election of new members to the Club. The fifty-third item was the election of new officers to the Club.

The fifty-fourth item was the election of new members to the Club. The fifty-fifth item was the election of new officers to the Club. The fifty-sixth item was the election of new members to the Club. The fifty-seventh item was the election of new officers to the Club. The fifty-eighth item was the election of new members to the Club.

The fifty-ninth item was the election of new officers to the Club. The sixtieth item was the election of new members to the Club. The sixty-first item was the election of new officers to the Club. The sixty-second item was the election of new members to the Club. The sixty-third item was the election of new officers to the Club.

BRITISH NOTES OF THE WEEK

General Election in the United Kingdom

The general election in the United Kingdom was held on Thursday, May 3, 1979. The Conservative Party, led by Margaret Thatcher, won a decisive victory, securing 339 seats in the House of Commons, compared to 269 for the Labour Party, led by James Callaghan.

Labour's Campaign

The Labour Party's campaign was characterized by its focus on economic issues, particularly the high rate of inflation and the need for social reform. Callaghan's government had implemented a series of measures to control inflation, but the public was growing impatient with the slow pace of change. Labour promised to introduce a new social contract, which would involve a more active role for the state in the economy.

Thatcher's Challenge

Margaret Thatcher's Conservative Party presented a strong challenge to Labour. Thatcher's campaign was based on a platform of economic freedom, lower taxes, and a reduction in government spending. She argued that the Labour government's policies had led to a stagnant economy and a loss of confidence in the pound sterling.

The Election Results

The election results were a decisive victory for the Conservative Party. Thatcher's leadership and the party's clear economic message resonated with the electorate. The Labour Party's campaign, while focused on important issues, failed to convince enough voters to return to power.

Implications for the Future

The election results have significant implications for the future of the United Kingdom. Thatcher's government is expected to implement a series of reforms, including a new social contract, which will likely lead to a more active role for the state in the economy.

The Role of the Media

The media played a crucial role in the election campaign. Both parties used the media extensively to reach the electorate. The Conservative Party's campaign was particularly effective, as it was able to present a clear and consistent message throughout the campaign.

The Role of the Public

The public played a crucial role in the election. The electorate's decision to vote for the Conservative Party was a clear statement of confidence in Thatcher's leadership and her economic policies.

The Role of the Media

The media played a crucial role in the election campaign. Both parties used the media extensively to reach the electorate. The Conservative Party's campaign was particularly effective, as it was able to present a clear and consistent message throughout the campaign.

The Role of the Media

The media played a crucial role in the election campaign. Both parties used the media extensively to reach the electorate. The Conservative Party's campaign was particularly effective, as it was able to present a clear and consistent message throughout the campaign.

A large crowd of people gathered outdoors, possibly for a political rally or a public event. The crowd is dense, and many people are looking towards the camera. The background is slightly out of focus, but some structures and trees are visible.
